MEMORANDUM FOR: Chief, Resources Division, ORR
ATTENTION : [REDACTED] 25X1A
THROUGH : Chief, Requirements Branch, Reconnaissance Group, CGS
FROM : Chief, CIA/PID (NPIC)
SUBJECT : Aoji-dong Petroleum Refinery, North Korea
REFERENCES : (1) ORR Requirement No. C-RR4-81,158
(2) CIA/PID Project No. C 491/64

1. This memorandum is in response to the above requirement which requests that a search of the available photography be made to determine the location and state of construction of a Soviet aid petroleum refinery reportedly being built at or near Aoji, North Korea.

2. A search was made of the photographic coverage over the area, as shown on the attached photo mosaic (CIA/PID/IB-P-541/64), and no petroleum refinery was found. However, a synthetic fuel plant was noted at the town of Hoeam-dong in the search area. This plant appears operational and could possibly be processing petroleum. An enlargement of this plant (CIA/PID/IB-P-542/64) is included with this memorandum.
